Price 10c Per Copy

CAMERON, MILAM COUNTY, TEXAS, THURSDAY, OCTOBER 13, 1966

All Departments OX 7-4671

14 PAGES TODAY

DOWN THE RUNWAY - - The camera views the runway, looking south, at Cameron Municipal Airport, undergoing grading work prior to asphalt paving. Buildings in upper right background are present

airport hangars. A city roadgrader in midground is smoothing way down the 3,200-foot runway. Lights are to be installed along the runway and fencing currently is being emplaced.

## 107

With F.M.L.

Frank Hill's "Printer's Inkings" column of September 30 in The Lynn County News had a note from Will Harris, Rt. 1, Wilson, Texas, a subscriber to the old Herald.

We quote:

"Will Harris of New Home disputes the claim of Cap Whorton and the Albany News that the Shackelford County paper is the 'oldest west of the Brazos,' established in 1870. His old home town paper, The Cameron Herald, is 107 years old and has been published continuously since 1861 and is west of the Brazos. The editor writes a column headed '107' which will be changed to '108' in about six months. Thanks for the paper, too, Mr. Will."

107-107-107

Thank you, Mr. Harris. Such is the loyalty to a newspaper of vintage years, even if its present resume is youthful.

Quite frankly, 107 had no idea we were of west of the Brazos, though it is said we are among the oldest 10 newspapers or so in the state. Most of them are in east and southeast Texas.

People often remark about the heading on this column, not immediately realizing it changes annually as the April rains begin to fall.

A friend on a suburban newspaper in the Dallas area remarked about the Leading a few weeks ago. So it does arouse the reader's interest.

107-107-107

Of course a newspaper arouses other emotions in 107 years.

The "numbers" game with the column heading began with "96" J. B. White, 50 years editor, wrote a front page column "Our Town" for most of those years. Prior to that, personal columns appeared inside or not at all.

Many dailies carry front page columns, but generally, it is still the realm of the weekly news paper, though otherwise its format has changed to a more daily style.

107-107-107

While on the subject, it is interesting to project what newspapers will become in the next 20 years.

A system of telephone tie-in direct to typewriter already is developed. And experiment is underway with "electronic screening" of the copy before an editor with a "pencil of light" who edits the copy electronically and sends it on its way.

Technological change has swept so quickly in this computer age that someday people might get newspaper reports on their TV sets at home or on special scanning sets. The printed form may be accomplished by advanced processes which require no plates, nor type, only photo-oriented presses, running sensitized paper, scanning layouts set in proper position.

It is a long cry from the apronful of hand type and old "Ben Franklin" handpress the Herald started with sometime in the year before the Civil War. And even with the recent innovations in The Herald and other papers, there is vast change ahead.

2nd Time In Week . . .

## Board, Engineers To Meet

Cameron's Urban Renewal Board Thursday afternoon will meet for a second time in a week with Bernard Johnson, Inc., engineers to view preliminary plans on proposals for downtown urban renewal.

The Board met with spokesmen of the Houston engineering firm, employed by the City Council, to develop plans for a downtown Cameron improvement proposal.

## 50 CUF Workers Attend Kickoff Dinner At CCC

About 50 workers in the Cameron United Fund Tuesday night enjoyed chicken, but "talked turkey" about fund raising at Cameron Country Club.

Co-chairman James D. Camp and Albert Collins urged workers to make their calls in the business community in the effort for the \$7,500 goal.

About 170 workers will participate in Cameron's 1966 renewal of the United Fund for Red Cross, Salvation Army, Boy Scouts and Girl Scouts, first since 1961.

A house-to-house residential drive will be October 24 from 10 a.m. to 3 p.m. that day. Ladies in teams of two will be making calls. Cameron Industrial Foundation, Inc., has suspended their fund drive efforts during the United Fund drive.

Collections in the Cameron business community will continue until October 13.

The drive slogan is "one drive a year" rather than "one drive once a month."

The Red Cross' blood program, totaling about 900 pints for Milam County, Salvation Army local services and Scouting efforts hundreds of local youths were pointed to as basis for full support.

Cameron United Fund directors are: Joe Lee Vybral, Rev. Richard Freeman, Mrs. W. C. Wallace, Henry Siebman, Gene Smitherman, Albert McCallin Jr., Don G. Fumble, Forrest Sapp, Monroe Fuchs, Camp and Collins.

## Mrs. Duncum Marks

### 90th Birthday Here

Mrs. Dora Duncum celebrated her 90th birthday October 6 with visits and calls from friends around the state.

Mrs. Duncum is a native of Milam County and long time resident of Cameron. Her children are Coleman Duncum and Miss Nora Duncum of Cameron. Mrs. H. B. Monroe of LaMarque and O. O. Duncum of San Antonio.

## Auto Crash Kills Two, Injures Two

A weekend one-car accident about 7 miles west of Cameron has resulted in the death of two teenagers and injury of two others.

Kathleen Matula, 14, of Cameron died in a local hospital about 2 a.m. Saturday and Eugene Tucker, 19, of Aransas Pass, driver of the car, died at 4:45 a.m. Injured and treated at Newton Memorial Hospital were Rita Matula, sister of the dead girl, and Mike Maddox, both 15 and both residents of Cameron.

Highway Patrolman Leroy Broadus said the accident occurred about 11:45 p.m. Friday on FM 2593 about seven miles west of Cameron on a bend in the road just past the Elm Creek bridge.

Broadus said the automobile left the road and overturned a number of times. He said a passing motorist found the wreck and notified authorities.

Tucker was thrown from the car and Kathleen Matula was pinned in the wrecked car.

Services for Tucker were held at 2 p.m. Monday at Marek-Burns Funeral Home with Rev. Bob Wimberly officiating. Burial was in Oak Hill Cemetery.

## M. W. Proffer Joins Cameron FHA Office

Malcolm W. Proffer, formerly of Paris, Texas, and a native of Laconia, has accepted the position of assistant county supervisor with the Farmers Home Administration in Cameron. He began work Monday.

Proffer and his wife, Betty, and three children, Deborah 14, Warren 7, and Rhonda 5, moved to Cameron over the weekend.

Proffer graduated from East Texas State University of Commerce with a major in agriculture education and was previously employed with FHA. He is a native Texan and familiar with farming methods in this area of Texas.

in Fort Worth where officials would take from 30 to 90 days, after receipt, to review the proposals.

Following approval in Washington, a planning grant would be made for Cameron for the extensive planning of the downtown project prior to final approval and work.

## Taxes Roll In

Cameron Independent School District has collected more than 100 per cent of its 1965 assessed taxes in a manner of speaking, according to Ollie Chamberlain, CUSD tax assessor-collector.

He reports that delinquent taxes collected Oct. 1, 1965, through Sept. 30, 1966, were \$117,117 plus penalty and interest of \$2,038, pushing collections to \$119,155, or almost 100 per cent over the 1965 assessment.

Total collections of the 1965 tax roll were \$174,151. The \$185,193 represents 103.8 per cent collection, he points out.

Supplemental taxes during the period, meaning those taxes on real property never having been rendered or assessed and not previously on the roll, totaled \$1,435. Total back collections totaled \$11,332, he reports.

Total delinquent tax roll as of September 30 is \$19,373, Chamberlain notes.

The CUSD assessor-collector says that total taxes collected by the CUSD office since its establishment 13 years ago are \$1,644,233.

Percentage of collection is 93.8 per cent, exclusive of penalty and interest. If penalty and interest are added, the percentage of collection exceeds 100 per cent, he reports.

Percentage of collection is 93.8 per cent, exclusive of penalty and interest. If penalty and interest are added, the percentage of collection exceeds 100 per cent, he reports.

Percentage of collection is 93.8 per cent, exclusive of penalty and interest. If penalty and interest are added, the percentage of collection exceeds 100 per cent, he reports.

## DIPLOMATIC POUCH

WASHINGTON D.C. The following letters were recently answered by the Department of State.

Can you please tell me the United States mainland, specifically the Pacific coast, was ever attacked by the Japanese during World War II. I have heard that it was "bombed," but in what sense the word "bombed" is used I don't know.

C.J.

Dear Mr. J.: We suggest that you consult, in the series United States Army in World War II, the volume subtitled "The Western Hemisphere." Garding the United States and its Outposts", Chapter IV of this volume, pages 80-114, contains a detailed discussion of Japanese submarine and balloon attacks against the United States, and of the defensive measures employed against this threat. Presumably this publication is available at the larger public libraries in your area, or may be obtained through them on interlibrary loan.

During a telecast of "Face the Nation," I was surprised to hear a Department of State official refer repeatedly to the "democratic" Government of South Vietnam. Since this government is not elected by the people, how can it be called a democratic government? When were free elections held in South Vietnam?

W. B. W.  
Kansas City, Mo.

Dear Mrs. W.: Local elections were carried out successfully in South Vietnam on May 20, 1965, despite some opposition from the Communist Viet Cong. Complete figures show that 3.4 million persons voted out of a total of 4.7 million who had registered. The total electorate, all Vietnamese men and women over the age of 18, is estimated at just under 7 million. This includes persons in areas under Viet Cong control who were unable to register.

Throughout the country, 1001 candidates contested the 471 seats on the municipal and provincial councils. All professions were represented among the winners. There was no evidence of pressure or coercion upon the voters by the authorities. Local issues dominated the campaigning. The elected council members supervise local administration with authority to investigate and make recommendations on the implementation of government programs, the disbursing of funds and the quality of services rendered to the people by local officials.

Though the national government under Air Vice Marshal Nguyen Cao Ky did not come to power

by means of elections, never theless it contains members of a wide variety of ethnic and religious groups. It consists of both civilian and military figures. The results of the 1960 elections were respected by the Ky government when it took office in mid-June, 1961.

Do you have an inquiry? Send it to: "The Diplomatic Pouch" F.M.S. Room 4305 U. S. Department of State Washington D. C. 20505

## Capt. Tapman At Command College

Captain Thomas F. Tapman, son of Mr. and Mrs. H. M. Tapman of Rockdale, is attending the U. S. Air Force Air Command and Staff College at Maxwell AFB, Alabama.

Captain Tapman is one of the few men to select government officials and officers from U. S. and allied armed forces enrolled in the intensive military course in command and environment and employment.

The 18-month course is part of the Air University professional educational system to prepare officers for higher command and staff positions.

The captain previously was a sergeant in the 48th TFW, as an F-105 Super Sabre fighter pilot.

A graduate of Rosebud High School, he attended the University of Texas and received his B. S. degree in 1961 from the University of Maryland.

## Lutherans Plan

### Reformation Rally

The local area Lutheran Churches are planning a Reformation Rally October 30 at 3 p.m. The service will be held in St. Mark Lutheran Church, 20th and Clay, Waco. Sponsor for the observance of this festival is the Rev. Ronald Lawrence, pastor of St. Mark Lutheran Church, Houston, preaching on the theme "Pure Word for all People."

The Lutheran Churches observe the festival in commemoration of Dr. Martin Luther's nailing the 95 theses to the Church door in Wittenberg, Germany, on Oct. 31, 1517, and thus beginning the Reformation of the Church.

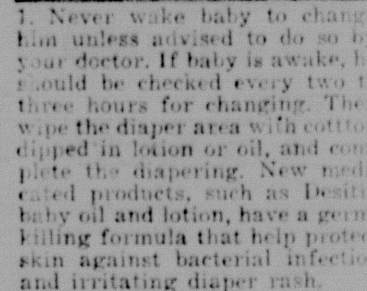

## HAVE BABIES CHANGED?

Babies haven't changed, but their care, comfort and changing certainly has! Did you know that about 100 years ago, babies were weighed on a butcher's scale like lamb chops? Or that they were smeared with hog's lard to protect their skin? In the height of fashion in those days were coarse, canvas diapers, constricting woolen garments and long flannel nightgowns.

While today's baby lives a lot better, he still eats, sleeps and wets his diapers just as his infant ancestors did. For his added comfort, and your added ease, come these good health tips compiled by the Tostin baby care consultants:

all bathing needs on the wall... then check it daily before undressing the child. Hold baby securely, supporting his head on your wrist, and curving your fingers under his chest. With your free hand, wash him gently with a soft cloth and mild soap, paying special attention to skin creases. Then blot dry, and finish

1. Never wake baby to change him unless advised to do so by your doctor. If baby is awake, he should be checked every two to three hours for changing. Then wipe the diaper area with cotton dipped in lotion or oil, and complete the diapering. New medicated products, such as Beestin baby oil and lotion, have a germ-killing formula that help protect skin against bacterial infection and irritating diaper rash.

2. Years ago, babies weren't bathed often because of drafts. Today's daily sponge or tub bath not only helps cleanse the skin, but it is a pleasurable time for an infant. Increase both pleasure and efficiency by taping a list of

off with a medicated oil, lotion, or powder.

3. For some facts about modern baby skin care—and fascinating folklore from yesteryear—write for a colorful, illustrated free booklet called, "Health Tips on Baby Care." Write Desitin, Pfizer Learning Division, 235 E. 42nd St., New York 10017.

and have performed with singer Johnny Mathis on concert tours across the nation.

## Prison Rodeo Stars

### 'American Singers'

### For Sunday Show

HUNTSVILLE

The Young American Singers, the largest single group of entertainers ever to appear at the Texas Prison Rodeo will be the headline attraction during the Sunday, Oct. 16 performance here in the Prison Stadium, at 2 p.m.

Composed of seven young women and 11 young men of high school and college age, they offer a wide range of fast-paced entertainment.

The group has appeared as guests on a Bing Crosby special; four appearances on Meredith Wilson's "Star Theatre Specials;"

A Girls Barrel Race and Leon Adams, well-known professional rodeo showman, have been booked to round out the day's events.

## Rockdale Club To

### Host Domino Tourney

The Rockdale Country Club will sponsor a Milam County Championship Domino Tournament at 7 p.m. November 1.

There will be trophies to the winning team, according to T. A. Weems, tournament chairman. The trophies will be engraved "Champion Domino Player, Milam County, 1965."

Entry fee will be \$1 per person with the tournament for partners only.

The best seven out of 12 games is the program, with the losers eliminated and the winners advancing.

Entries should be mailed to Weems at Box 533, Rockdale, before Oct. 25.

Weems listed such champion domino players as the following from different sections of Milam County: T. J. Kyle of Forest Grove, B. V. Hodge of Thorndale, Hungry Hodge of Friendship, Cap Pope of Sharp, B. P. Tucker of Cameron, Dudley McDaniel of Minerva, Eddie Noack and Garland Caffey of Rockdale, Billy Filand of Milano and Wilson Burns of Davilla.

### Allan Cox To Direct Symphony

Allan Cox, music and youth director of Memorial Baptist Church, Temple, has been named director of the Central Texas Symphony. Cox succeeds Dr. James Luck who resigned because of additional duties at Mary-Hardin Baylor this year.

First meeting of the Symphony was Monday night at the Cultural Activities Center, Temple. The first concert is scheduled for December 1.

Miss Christi Clark of Cameron will start her second year with the orchestra.

### Burlington

By Mrs. George Logan  
Mr. and Mrs. Jerome Schiller and family of Houston spent last week at Burlington with Mr. and Mrs. Henry Litzman and also visited Mrs. Aloise Schiller at Rosebud. On Sunday Mr. and Mrs. H. J. Litzman and family of Cameron had dinner with Mr. and Mrs. Henry Litzman.

Mrs. Katie Beckworth, Mrs. Rosa Kuhn and Mrs. Grace Faulkner, all of Rosebud, were recent guests of Mrs. Alma Litzman at Burlington.

Mr. and Mrs. Arthur Davenport were guests of Mr. and Mrs. D. Davenport and Mr. and Mrs. John Orsak and family at Rosebud last week.

Mr. and Mrs. Arthur Davenport were at Belton Tuesday on business.

Cora and Chuck Garner of Austin spent last weekend here with their grandparents, Mr. and Mrs. Charlie Litzman, while their parents, Mr. and Mrs. Charles Garner, were in Dallas.

Mr. and Mrs. Leon Hensel and family of Waco were here last weekend for a visit to their parents and grandparents, Mr. and Mrs. A. E. Hensel.

The children of Mr. and Mrs. James Bostick returned to their home at Fort Worth from Burlington and Temple where they visited relatives. They were accompanied to Fort Worth by Mr. and Mrs. Phil Krause, grandparents of Burlington.

Quite a few from here attended the picnic at Westphalia. The following came by from Waco enroute to Westphalia and visited Mrs. Henry Helpert: Mr. and Mrs. Johnny Kacher and daughter Denise and Mr. and Mrs. Henry Helpert Jr. and family of Belmead.

# Yoemen Score 24 - 8 Victory

The Cameron Yoemen took a 24-8 victory over the Copperas Cove Bulldogs Friday night when they defeated the invaders 24-8.

The Yoemen had a winning combination in quarterback Don Mitchell who rolled up 18 yards in seven carries, and fullback Wayne McMane who rolled the ball 61 yards in 11 carries.

He showed his Friday, despite the loss of injured halfback on Stanley and fullback James Dolnak, renewed hopes for returning the 17-AA crown for another year. The victory was Cameron's third in a row after early losses to Taylor and Rockdale.

The fighting Yoemen followed a scoreless first quarter with a determined 11 yard, eight play, march to the goal sparked by a 36-yard pass from Mitchell to end Jack McKinney.

Halfback Bill Cooke burst over right guard for the TD and Jack McKinney kicked for the extra point. Cameron led 7-0 with 5:53 remaining in the second period.

Yoemen fans rose to their feet as Mitchell connected with halfback Leo Michalka for a 12-yard touchdown pass as the time clock marked 9 seconds before the half. A good kick by McKinney gave the Yoemen a 14-0 lead at half-time.

Cameron moved 62 yards in

seven plays after receiving the second half kick-off and Mitchell scored the third Yoemen touchdown on a 12-yard keeper around right end.

McKinney added the extra point with a good kick and the scoreboard read 21-0 for Cameron.

## REUNION PLANS SET FOR YOE

### CLASS OF '56

Homecoming weekend for Yoe High will also be the 1 year reunion for Yoe High Class of 1956. A supper and dance at the Cameron Country Club is planned for the 16 member class on Saturday, October 30, and most class members also plan to attend the game Friday night.

Calls to the 26 local class members have rounded up addresses for all but three class members, according to Mrs. Ladis Marek Jr. She said that most of the class members were living in the Houston - Dallas areas and three were overseas, one serving in Viet Nam.

Class members who did not receive a letter about the reunion plans should contact Mrs. Marek at 705 East 11th, Cameron.

Copperas Cove took the kick from center on its own 22-yard line and kept the ball for 20 plays when a pass interference call gave the visitors a first and goal. Halfback Bruce Harmon lunged over the goal line for the touchdown.

A pass from quarterback Ronnie Wilburn to Craig Foster was good for two points.

The Yoemen again took over the ball and with 29 seconds left in the game Jack McKinney

scored three, for the Yoemen with a 25-yard field goal.

Defensive standouts for Coach Ken Fuqua's Yoemen were David Barrett, guard Ray Urban, line-back Wayne Kirk, cornerback and Leo Michalka, halfback.

Score by quarters:  
Cameron 0 14 7 3 - 24  
Copperas Cove 0 0 0 8 - 8

## Thrill To Host Rogers Eagles For Closely Matched 24-A Game

Rogers will play their third district game at Thrall Friday and will be looking for a third district win.

Thrall with only one loss for the season is slightly favored over Rogers with a 2-3 season record, however the Eagles line has been clicking well the last two games sparked by fast moving fullback Mike Mayfield.

Thorndale proved little competition for the Eagles and their high scoring Mayfield with a final game tally of 1-3. Mayfield was credited with three touchdowns, three points on kicks and two on a pass.

Mayfield started his night with a TD from five yards out in the first quarter. In the second quarter

he added another touchdown after a 37-yard run. The Eagles added another six points when quarterback Eddie Henderson passed 15 yards to end Mike Heintze for 15 yards.

Mayfield ran a spectacular 51 yards in the third period for a TD and Henderson followed with a final Rogers score after a 30-yard touchdown run.

The Bulldogs only score came in the third quarter when wingback Henry Schwartz ran 45 yards on a reverse. A Dennis Leschber pass to Leroy Hager was good for two extra points.

Score by quarters:  
Thorndale 0 0 0 0 - 0  
Rogers 7 14 11 0 - 32

## Milano Favored In Clash With Coolidge Friday

A powerful Milano team will have the edge over Coolidge when they meet at Milano Friday night. The Milano Eagles will be fresh from a 28-8 victory over Olesby last Friday when they ran up 224 yards rushing.

The Eagles marked their first score in the second series of plays when fullback Howard Ashley returned a punt 50 yards for paydirt. In the same quarter Silva passed to center L. B. Blake for a 22 yard score.

Silva was also credited for the third score after a pass interception in the second quarter.

Gene Malone took a pitchout in the third quarter and carried 77 yards for the final Milano score. Grover Morgan added the points after touchdown.

## Homecoming Dim For Buckholts

Normangee clicked off 133 yards passing Saturday night to dim the Buckholts Homecoming game with a 26-6 defeat for the Badgers. The Buckholts Six rolled up 67 yards rushing against Normangee's 33 and an early game 6-6 tie but couldn't reach paydirt again while Normangee counted in another 20 points.

David Bryant returned a blocked pass 12 yards for the first Normangee score. Then Larry Shclair and Norman Hauser connected for a 23-yard scoring pass to give the Badgers a 6-6 tie.

Normangee scored in each of the remaining quarters on 20 and 70 yard passes to Skip Jenkins and a four-yard run by Chuck Barrington for the win. A good kick for two points was also credited to Jenkins.

Score by quarters:  
Buckholts 6 0 0 0 - 6  
Normangee 6 8 6 6 - 26

## Halftime Ceremony Dedicates Eagles

### Football Scoreboard

The new all-electric football scoreboard at Eagle Stadium was dedicated at half-time Friday night when Rogers High School played Thorndale.

B. F. Harbour, superintendent, pointed out the general improvements that have been made at the stadium during the past ten months, including putting under on the track around the stadium, plowing and resodding the playing field and purchase of the new clock. Harbour said members of the Stadium Improvement Committee, appointed by the school board last winter, were C. O. Ginter, Clayton Clowers, J. L. Chervinka, J. H. Marks, Darwin Seibert, Donald Gowan and Harbour.

Harbour named the following men and firms as having made notable contributions towards stadium improvements: Darrell Henson, Tom Teasley, Dubba Hill, Bon Fesky, C. O. Mayfield Jr., Sherman Mayfield, Frank Tucker, Bob Green, National Building Center, Wayne Crawford, manager, Alcoa Aluminum Company at Rockdale for free cinders and others.

The Rogers Community Service Club, Bess Gommert, president when the work was started, was praised for taking the lead in the purchase of the scoreboard which was a joint project of the Club and the School Board. The scoreboard committee consisted of Frank Tucker, Pete Smith, Jess Harper, Don Gowan, Clayton Clowers, Edwina Psenick and B. F. Harbour, chairman.

The following firms in Rogers and Temple bought advertising on the scoreboard: The Temple Coca Cola Company, Kenneth Sturdevant, Hoid Co. of Rogers and Edwin Psenick's Red Ranger Store, The Temple Savings and Loan Assn., Oak Farms Dairies, First State Bank of Rogers and Dan Steakley Chevrolet of Temple.

## Teen-Age Snacks With A Plus

What do you do about teen-age snacks? Complain because they are frequently full of so-called "empty calories" or do you make an extra effort to see that nutritious snacks are easily accessible and available for your active teen-agers? Snacks account for one-tenth to one-fourth of the daily nutrients and calorie intake of this age group.

Cereal and milk, whether served as the cereal and milk serving or used as recipe ingredients, have much to add to the nutritive content of snacks. Cereal Flake Applesauce Cookies with milk shakes are filling, nutritious snack. The milk shakes can vary in caloric content from chocolate-flavored nonfat milk to the thick, rich malts that require a spoon to consume. Breakfast cereals, when used as an ingredient, make contributions of protein, B vitamins, and minerals.

### Cereal Flake Applesauce Cookies

2 cups sifted flour  
1/2 cup granulated sugar  
1/2 teaspoon baking soda  
1/2 teaspoon salt  
1 teaspoon cinnamon  
1/2 teaspoon cloves  
1/2 teaspoon nutmeg  
1/2 cup brown sugar  
1/2 cup soft fat  
1 egg  
1 cup strained applesauce  
2 cups bran flakes, raisin bran flakes, or whole wheat flakes

Sift first 7 ingredients into mixing bowl. Add brown sugar, fat, egg, and applesauce; mix until smooth. Fold in cereal. Drop heaping tablespoonfuls 2 inches apart onto greased baking sheet. Bake in moderate oven (375° F) until done and lightly browned, 12 to 15 minutes. Yield: About 2 dozen cookies.

HD Council Meets  
In Cameron, New  
Co. Officers Named

The Milam County Home Demonstration Council met Monday at the Milam County courthouse. The president, Mrs. Graham Young, opened the meeting for 19 members and 3 visitors.

The New Salem Club invited members to attend their Christmas party, which is being planned now.

Mrs. Clyde Holliman was elected chairman of the Milam County Pecan Show, which will be held in Rockdale November 19.

New Council members are invited to attend the November Council meeting which will be held in Rockdale.

A committee was appointed to revise standing rules. The chairman of the committee is Mrs. Clyde Holliman with Mrs. R. L. Humber and Mrs. J. B. Sapp as co-workers.

Officers for the coming year were elected following a report from Mrs. Joe Brown, chairman of the nominating committee. Officers for 1967 are Mrs. Graham Young, president, Mrs. R. L. Humber, vice chairman, Mrs. Leroy Guillote, secretary and Mrs. J. B. Sapp, treasurer.

Reports from the state convention at Corpus Christi were given by Mrs. Wavy Charles, Mrs. Skinner, Mrs. Eula Moultrie, Mrs. Clyde Holliman and Mrs. Graham Young.

Philbrick Is Speaker  
For Dinner Club

Herbert Philbrick, the man who forsook family, friends and fortune to risk his life against the Communist underground as a counter-spy and who came up with startling information for the U. S. Government, will be the guest speaker for members of the Central Texas Dinner Club at State-coach Inn in Salado on Tuesday, Oct. 18, at 7:15 p.m.

So dramatic was the real story of this "I Led Three Lives" hero that a series of television shows were patterned after it a few years ago.

Now in business in Rye, N. Y., Philbrick continues to fight the battle against communism. In the past years he has written documentary articles, made many movie shorts and traveled the nation telling the story of the communist attempt of infiltration of the American way of life. He devoted nine years of his life in the dangerous triple role that he enacted.

Officers of the Central Texas Dinner Club include Jack Prescott of Temple, president, G. D. Franz Sr., of Killeen, first vice president, Dr. C. D. Goodnight of Holland, second vice president, Col. Harry Lane of Temple, secretary-treasurer, Mary Elizabeth Fox of Georgetown, publicity chairman.

WASHINGTON FASHION SHOW - Mrs. Orville Freeman admires the unique gown worn by Mrs. Jack Brooks, wife of the Texas Congressman, at National Society of Interior Designers benefit fashion show luncheon in the Sheraton-Park Hotel, Washington D.C.

The one piece culottes is topped by a matching evening coat of upholstery linen designed by Salvador Morrell. Mrs. Brooks is the former Charlotte Collins of Cameron, daughter of Mrs. Bassel Wilson.

Fleur-de-lis Club  
Has Fall Workshop  
Plans Plant Project

The Fleur de Lis Garden Club met at the home of Mrs. Richard Freeman Tuesday night for a dried arrangements workshop. Mrs. E. D. Chandler was co-hostess for the meeting.

A program on methods of drying foliage and flowers was presented by Mrs. D. R. Dodson. Mrs. Bill Tucker described steps to decorate note paper with dried flowers and showed samples of the finished work.

Mrs. Louis Elley presided at the business meeting following the workshop. Members voted to sponsor a highway beautification program in Cameron and made plans to plant Redland trees along both sides of a 19 block area on the

PERSONAL

The annual Cemetery Association and Homecoming Day was held October 9 at the Clarkson Baptist Church. Guest speaker was the Rev. O. L. McCracken of Waco. In the business meeting the same officers were elected and donations given for the upkeep of the cemetery, church and grounds. At noon lunch was served at the school building.

Temple highway in early November.

The membership also voted to place the name of Mrs. Don Humble, past president, in the State President's book.

An arrangement of marigolds centered the informal serving table. Cream puffs, coffee, nuts and mints were served.

Coffee At Temple  
To Honor Tower's  
Wife On Friday

Mrs. John Tower will be visiting the Central Texas area Friday, October 14, in the interest of her husband's campaign for re-election to the U. S. Senate.

She will be honored at a coffee from 9 to 10 a.m. at the home of Mrs. P. E. Wendland, Oakhurst on Midway Drive, Temple. An invitation has been extended to all women in the area interested in meeting Mrs. Tower. Planning to attend from Cameron are Mrs. Dan McDaniel, Mrs. Jack Tumbelson, Mrs. S. H. Richardson, Mrs. James Kahler, Mrs. John A. Smith and Mrs. Edwin Lehman of Buckholts.

Mrs. Tower will also be honored at a coffee in the Holiday Inn from 10:45 to 11:45 a.m. and a tea from 2 to 4 p.m. at Wyatt's Cafeteria, 1704 Austin Avenue, Waco. Following the tea she will be a guest of Mrs. Abner McCall, wife of the president of Baylor University.

Club Women Meet  
With Miss Thornton  
For History Program

The History Club met Tuesday afternoon at the home of Miss Mildred Thornton with 17 members and one guest, Mrs. Maurine Heuse.

Miss Thornton presented the program "Digging Up History." She reviewed "A Patagonian Journal" by George Gaylord Simpson, a record of an archeological expedition.

A social hour followed in the dining room where a dessert plate, tea and coffee were served. Mrs. W. C. Wallace presided at the silver tea service. Also assisting at the serving table were Mrs. John Rosson and Mrs. John Howard.

Decorations for the club meeting included a small bouquet of roses in the living room and a tall arrangement of blue ageratum in a crystal epergne centering the serving table.

During the business meeting Club members voted to participate in the United Fund.

Cameron Women  
Attend Marlin Tea

Mrs. Milton Schiller, Mrs. Albert Collins, Mrs. Bill Eanes and Mrs. W. O. Rinn of Cameron were guests at a tea in Marlin last Thursday honoring Mrs. Waggoner Carr.

Fall Flowers decorated the home of Mrs. Bolivar Falconer for the 4 to 6 p.m. tea. Campaign signs for Democratic Senatorial candidate Carr were also used in decorations. Serving pieces at the tea table were of copper and brass.

As Easy As Cheese Pie

Everyone loves cheesecake—but not all cooks have the time to make it. For the busy homemaker, No Bake Cheese Pie is a boon. Its blessing is twofold: as the name implies, there's no baking involved. And to further add to its charm, the cheesecake-like filling reposes in a mellow crumb shell.

Thanks to unflavored gelatine, there's no risk involved. Because of the presence of this reliable product, each time you make the pie it comes to the table equally fluffy. The dissolved unflavored gelatine combines with beaten cream cheese and whipped cream—to name the basic ingredients—goes into a crumb shell, and simply chills until firm. It's as easy as pie!

- No Bake Cheese Pie
- |                                |   |
|--------------------------------|---|
| 1 envelope unflavored gelatine | 2 packages (8 ounces each) cream cheese |
| 1/2 cup sugar                  | 1 teaspoon lemon rind                   |
| 1/8 teaspoon salt              | 1 tablespoon lemon juice                |
| 1 cup milk                     | 1 cup heavy cream, whipped              |

Mix together gelatine, sugar and salt in saucepan. Stir in milk. Place over low heat, stirring constantly, until gelatine is dissolved, about 3 minutes. Remove from heat. Cool. While mixture is cooling, prepare graham cracker crumb shell according to package directions. Then beat cream cheese, lemon rind and lemon juice together on high speed of electric mixer. Gradually beat in gelatine mixture. Chill until mixture mounds, about 15 minutes. Fold in whipped cream. Turn into crumb shell. Chill until firm. If desired, garnish with graham cracker crumbs. Yield: One 9 inch pie.

### Dr. E. Jekel Named A&I Asst. Professor

Eugene Jekel, son of Mr. and Mrs. Ed Jekel of Cameron, has accepted a position as assistant professor in the Teacher Education Department of the Texas College of Arts and Industries in Kingsville. Dr. James C. Jernigan, president of the college, made the announcement.

Dr. Jekel was vocational agriculture teacher for the Orchard Independent School District in Orchard for the past twelve years. The doctorate in education was conferred this August at the University of Houston.

Prior to high school teaching Jekel spent two years in the service, was graduated from Texas A&M in 1951. He graduated from Yoe High School in 1947.

Dr. Jekel is married and has three children—Patricia, 14; Michael, 12; and Jeffrey, 5 years of age.

## Cameron Is Busy ....

Construction is entering the final phase before paving at Cameron Municipal Airport while the newly appointed Urban Renewal Board met with engineers last week.

The two major programs seem to be coinciding, with the airport project nearing the end of a two-year plus program while the urban renewal planning and projecting is going into the early phases.

Application for a planning grant awaits finalizing pre-plan outlines for the Board's approval.

The Cameron Airport project has a paving project to be completed while fencing is already underway. The .6 mile of runway has turnaround areas at north and south ends and in front of the hanger areas.

Meanwhile the industrial team is finalizing their basic information for a visit from a "prospect" testing their handling of visiting industrial prospects.

Then their training will be complete, and the work will begin.  
Cameron is busy.

## The Long Struggle For Asia ...

In his attitude toward the Viet Nam war, Sen. Robert F. Kennedy is in the camp with the doves—along with such men as Senators Fulbright and Morse. This is in keeping with Kennedy's strategy of staying independent and slightly to the left of the Johnson administration.

But lately the administration has made a vigorous effort to convince the world that the United States does indeed seek a negotiated peace, and that it is the communist side, not the United States, which is preventing the restoration of peace in Viet Nam.

Especially as a result of statements by U.S. Ambassador to the U.N., Arthur Goldberg, the word is gradually getting around.

Now even Kennedy is warning that the war will intensify and, while it is important to get to the negotiating table, "that alone is not going to make the problem disappear. The Viet Cong and Hanoi are not coming to the negotiating table to surrender."

"We also have to realize," Kennedy said, "that the casualties are going to continue to be large. And whatever happens in Viet Nam, there is going to be a struggle of one kind or another going on in that part of the world for years to come."

This is essentially what the Johnson administration has been saying all along.

—The Houston Chronicle

## Lt. Col Conoley Awarded Air Commendation

Lieutenant Colonel Rufus K. Conoley, son of Mrs. F. R. Conoley of Rt. 2, Thorndale, has been awarded the U. S. Air Force Commendation Medal at Malmstrom AFB, Mont. This marks the third time he has received the medal.

Colonel Conoley was decorated for meritorious service as director of personnel at Moron AB, Spain. He was cited for his professional-ism, devotion to duty, managerial skills, and initiative.

He is now at Malmstrom as a member of the Strategic Air Command which keeps the free world's

mightiest missile and jet bomber force ready to counter the enemy threat.

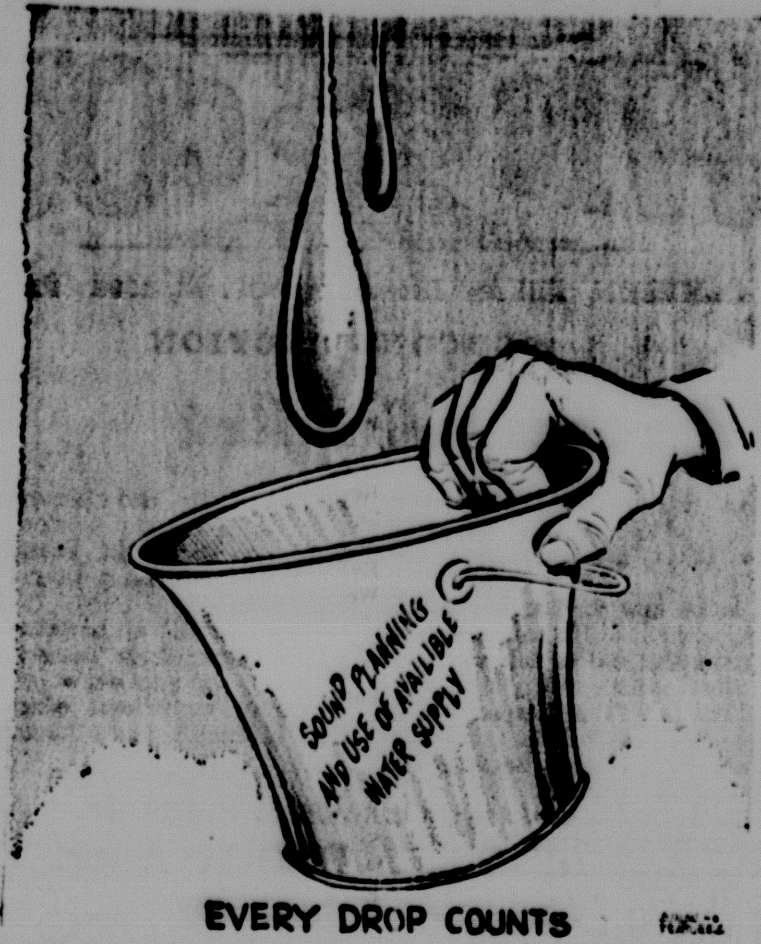

The colonel, who now holds the medal with two oak leaf clusters, was commissioned through the aviation cadet program. He is a veteran of World War II and the Korean War.

Colonel Conoley is a graduate of Thorndale High School and attended Baylor University, Waco, Texas A&M University and the University of Philippines. He has received an A.B. and M.Ed. degrees.

Colonel Conoley is married to the former Maxine Ellis.

Those visiting Mrs. Bill Clark this weekend were Mr. and Mrs. Noel Barron and Margie of Houston and Mr. and Mrs. Clyde Blackmon and children of Victoria.

William Stigall and Duane Gamble spoke at the morning and evening services Sunday at the San Gabriel Baptist Church in the absence of the pastor who is in the hospital.

Dateline Austin ...

## Laws Rewrite Heads Proposals

By Vern Sanford  
Texas Press Association

AUSTIN  
Shape of Gov. John Connally's major legislative goals is beginning to emerge.

He gives high priority to his proposal for a constitutional convention to rewrite the state's basic laws.

Modernization of local governments is essential to state progress and effective management of local affairs. "Functional government by federal guidelines" is the likely alternative to a "renaissance of local responsibility," Connally warned.

Governor outlined a tough, seven point traffic safety program including driver education for all youngsters, severe penalties for violations of driving laws and a minimum licensing age of 16.

"Without question," he acknowledged, "the 60th Legislature is looking at a raise in our state taxes, but it is impossible to tell exactly how large or how small."

He also ticked off these subjects from his lists of legislative "essentials":  
Revision of the penal code and code of criminal procedure; additional sources of revenue for growing cities; substantial salary raises for state employees; continuation of progress in education, tourist and industrial development, community services for the mentally ill and mentally retarded and park system development and improvement.

In discussing streamlining of local government with county officials, the governor declared:

"We cannot progress on a pre-conceived notion that modernization is politically impossible."

SCHOOL STRETCHOUT URGED  
Texas children ought to start school younger and stay in school longer. So concludes the State Board of Education in its 16-point legislative program.

Board proposes schooling for five-year-olds, state-supported summer school for all grades, a study of feasibility of a 10-month school year and seven-hour day, and higher salaries for teachers.

COURTS SPEAK—Texas Court of Criminal Appeals has ordered a new trial for Jack Ruby, who faced a death sentence for the murder of Lee Harvey Oswald, the man the Warren Commission said assassinated President John F. Kennedy on November 22, 1963.

Court said Ruby must be tried elsewhere than Dallas, scene of the crime, and concluded that testimony of a police officer concerning statements indicating premeditation were improperly admitted at Ruby's trial.

Supreme Court handed down a record 137 orders. Among its decisions were:

November 30 date was set for arguments on Humble Oil and Refining Company's suit to recover \$73,302 in franchise taxes paid under protest.

State Board of Insurance rules requiring insurance companies to charge at least six per cent interest on installment premium payments was thrown out.

Transfer of two small sections of land from Friendship Rural High School District to Shallowater Independent School District of Lubbock County was upheld.

Court will review dispute of Rio Grande Valley residents over possession of half of a winning \$34,000 Mexican national lottery ticket.

AG OPINIONS—Atty. Gen. Waggoner Carr has held that a county may provide ambulance service for its citizens under the authority given counties to spend public money on public health services.

In another opinion, Carr said

that the Department of Mental Health and Mental Retardation may join forces contractually with the Texas Education Agency to initiate and supervise "half-way houses" to help restore mental retardates to society.

Carr also held that children with only a language skill deficiency do not legally qualify as "exceptional children," so no special classrooms may be set up for them.

EPIDEMIC CONTAINED—Texas' screwworm epidemic still is present in the Southwestern and South Central part of the state. However, Dr. S. B. Walker, director of the Texas Animal Health Commission, says the end may be in sight.

Texas' worst infestation since the screwworm eradication program began reached its height two weeks ago. Number of cases leveled off last week. Federal, state and private resources are being used to battle the worm.

## OLD PHILOSOPHER

### OLD PHILOSOPHER HAS NEW THEORY ON HOW THE WORLD SOLVES CRISES - BY THE BUCKET

Ed. note: The Old Philosopher on his Johnson grass farm on the Yegua has found a big stack of newspapers, which may explain a much longer letter this week. Dear editor:

An unusual thing happened to me a few days ago, I didn't find just one newspaper, I found a

MOTION FILED—Attorneys General for Texas and New Mexico have filed a motion with the U. S. Supreme Court for permission to file a complaint against Colorado for insufficient releases of Rio Grande water.

Motion was filed by Attorneys General Carr of Texas and Boston Witt of New Mexico for alleged violations of Rio Grande Compact providing for releases of water to the two states to the South. Proposed complaint says Colorado has withheld 939,900 acre-feet of water, as of December 31, 1965.

Attorneys General asked the Supreme Court to require Colorado to deliver the agreed upon amounts of water at the Colorado-New Mexico state line, and to eliminate Colorado's accrued debt under the Compact.

SHORT SNORTS

Texas Railroad Commission has scheduled a hearing for December 6 so oil and gas operators can show why a statewide ban to open salt-water disposal pits shouldn't be ordered.

Parks and Wildlife Commission has granted two extra weeks for quail hunting in Aransas, Bee, Cameron, Dimmit, Frio, Hidalgo, Jim Wells, Live Oak, Starr, Webb, Willacy and Zavala Counties.

Agriculture Commissioner John C. White announced that the lower Rio Grande Valley has been free of Mediterranean fruit fly infestation for 60 days and the quarantine can be lifted if no additional insects are found in the next two months.

Governor Connally named James R. Meyers of Austin as interim judge of the 128th District Court to succeed Judge Jack Roberts, elevated by President Johnson to a federal bench.

State Bar of Texas has received a \$5,000 grant from Houston Endowment, Inc. to help it revise the Texas penal code for submission to the 61st Legislature in 1969.

H. Kenneth Jackson, formerly director of the Field Services Division of the Texas State Library, has been named assistant state librarian under Dr. Dorman J. Winfrey, who also announced that Mrs. Marie Schultz will move up to Jackson's old post.

whole stack, tied with a piece of string in a ditch alongside a road out here near this Johnson grass farm, but they weren't all recent papers, some of them were several years old.

Just to be doing, I brought them to the house and started reading, and you know what, I have hit on a new theory of how the world solves its big problems.

For example, a few years ago the Suez Canal was the big crisis, England threatening to go to war over it, every newspaper headlining the problem every day. Statesmen all over the world were conferring about it and everybody was giving advice.

But I kept reading the old papers and gradually the Suez Canal disappeared from the headlines on the front page, moved to the inside, and then disappeared altogether.

I followed several other big problems like this, and they all disappeared, but not once was it ever explained how they were solved.

Here's where my new theory comes in. My theory is that the world solves its big problems like the itinerant repairman who fixed a leak in my neighbor's house.

This neighbor had a small leak in the roof over his kitchen, and his wife nearly nagged him to death about it. He tried, but he just couldn't fix it. Every time it rained a little trickle of water came down through the ceiling.

One day this itinerant repairman came by and my neighbor grabbed him. "Can you fix a leaky roof?" he asked.

"Sure I can," the man said. "That's my specialty."

"You guarantee it?"

"Certainly. Show me where it's leaking."

He looked it over, said he'd fix it for \$25.

"Go on about your work, I'll go up in the attic and get at it," he said. In an hour he was back down.

"It's fixed," he said.

"Now you guarantee it?" my neighbor asked.

"If water comes down through that kitchen ceiling the next time it rains, I'll refund your money the next trip I'm by here."

Sure enough, a few days later it rained and not a drop of water came through.

"Well, finally," his wife said, and my neighbor sighed and said he was glad that problem was licked.

A week later it rained again, and the water began to trickle

## TP&L To Build Unit Near Waco

Texas Power & Light Company today announced plans to construct the company's largest steam electric generating unit, Tradinghouse No. 1, at a site about 10 miles east of Waco on Tradinghouse Creek.

Brown and Root, Inc. of Houston has been named contractor for the new power plant.

W. W. Lynch, TP&L president, said the new gas-fired unit will have an estimated maximum capability of 565,000 kilowatts. Included in the construction plans is a 2,000-acre man-made lake.

Construction of the new facility will begin in 1967, Lynch said. The dam, which will form a lake containing some 650 million gallons of water when filled, is expected to be completed in early 1968, and the plant will be placed in service in late 1969.

TP&L has filed a petition with the Texas Water Rights Commission requesting a permit to build a dam and lake on Tradinghouse Creek for cooling purposes. Water to fill the lake will be obtained from the Brazos River. Action by the commission is pending.

About 30 employees will be needed to operate the new plant. Lynch said bids on the dam will be called for in the near future.

## Training Course Set For Scout Leaders

Tejas District Boy Scout leaders will attend a training course beginning at 7:30 p.m. Tuesday, October 18.

The 3-session training course for Cub and Boy Scout leaders will be held at the Calvert bank. Rev. Richard Freeman will direct the Boy Scout training and Joe Moehring will direct the Cub Scout leaders program.

through the ceiling into the kitchen.

My neighbor rushed up into the attic to see what had happened.

Under the spot where the water was coming through the roof was a bucket. It had held all the leak from the first rain, but was now full and overflowing.

That, if you ask me, is the way the world solves most of its big problems. Just temporarily, but it's fine while it lasts.

Yours faithfully,  
J. A.

## Ford's famous quiet ride comes in 18 beautiful styles for 1967

Quieter because they're stronger. Stronger because they're better built. For '67, the best-built Fords in history.

COUNTRY SQUIRE WAGON

XL 2-DOOR HARDTOP with new swept-back roofline

LTD 2-DOOR HARDTOP with new Landau roof

3 new LTD's. All three LTD models—2-door hardtop, 4-door hardtop, and 4-door sedan—offer conveniences like a transmission that shifts both manually and automatically (standard), and a full-width front seat that divides to adjust individually for driver and passenger.

2 new XL's. Both the XL 2-door hardtop and convertible offer, as standard, bucket seats and console, plus spirited

289-cu. in. V-8. A 7-Litre power option includes a 428-cu. in. V-8, power disc front brakes, and sports steering wheel.

13 new Galaxies, Customs, wagons, convertibles, wagons, hardtops, sedans all offer basic Ford strength and quiet, plus a wide range of conveniences and options. Wagons provide a two-way Magic Doorgate that swings out for people and down for cargo.

Better Ideas from Ford. SelectShift Cruise-O-Matic transmission shifts automatically . . . or lets you shift manually without a clutch for things like climbing hills, downshifting to save brakes, pulling trailers, getting extra traction in mud and snow, or just for fun. It's available on every '67 Ford. And all '67s come with Ford Motor Company Lifeguard Design Safety Features.

You're ahead in a

## alone with her thoughts

Are they good company — her thoughts, that is?

For this is a time of her life when much can depend on the outcome of these moments when she is alone with her thoughts.

Decisions will be made — irrevocable decisions.

Steps will be taken that cannot be retraced.

The happiness of those who love her hangs in the balance . . . as she tries to discover where her own happiness lies.

But her thoughts are projections of the lessons she has learned, the experiences she has had.

And high among these are the truths she learned in her church life, and the rich experiences she has known with Christian friends who grew up in religious homes.

Alone with her thoughts . . . this girl is in good company!

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor in the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Alcoa Foundation Announces Engineering Professorships

The University of Texas and Texas A. and M. University will share in a new engineering professorships program created through grants totaling more than one million dollars made by the Alcoa Foundation to 16 schools in 13 states. The program is designed to link education more closely with industry by fostering communication between educators and engineering practitioners of Aluminum Company of America.

The Alcoa Foundation grants to The University of Texas and Texas A. and M. University for engineering professorships will total \$120,000 payable over a three-year period with \$60,000 going to each school. These grants are in addition to scholarships and other educational helps presently being given these universities by the Foundation.

T. F. Anderson, Alcoa's Point Comfort Operations Manager, made the announcement to the University of Texas and H. F.

Chrisco, Alcoa's Rockdale Works Manager, made the announcement to Texas A. and M. University. Speaking for the Alcoa Foundation, the Alcoa officials pointed out that this engineering professorships program is further evidence of the Foundation's continuing interest in technical education.

"The opportunity for these professors of engineering to visit the production and research facilities of Alcoa, study our techniques, and become familiar with the everyday problems facing Alcoa engineers should be very helpful. Alcoa technical personnel who visit the schools under the program will also benefit from their exposure to the academic side of engineering. We believe that this association will enhance the practice of engineering by creating a fuller understanding of its role in both academic and industrial life."

Other schools to receive similar grants from the Alcoa Foundation are North Carolina State University, Ohio State University, Purdue University, Pennsylvania State University, Lehigh University, Rensselaer Polytechnic Institute, Washington State University, University of Tennessee, University of Illinois, Georgia Institute of Technology, University of Pittsburgh, Iowa State University and Clarkson College of Technology. Indiana University, another recipient, is planning to utilize its grant in the fields of business or law.

The Alcoa Foundation was founded for the purpose of using its net income exclusively for religious, charitable, scientific, literary and educational purposes.

### State Travel Film

### To Have Nationwide

### TV Distribution

The Texas Highway Department has completed arrangements with a Chicago company for nationwide television distribution of "Texas-Land of Contrast," the Department's 30-minute travel

promotion film.

The film, the first full-color travel promotion film to be produced entirely by a State agency, received state-wide acclaim when it was previewed in July of 1965.

Since that time it has been shown throughout Texas as well as in other states and several foreign countries.

The film, produced to stimulate recreational travel in Texas, also is available on a loan basis to service clubs, chambers of commerce, and other organizations. Bookings may be arranged through Highway Department district offices or through the Texas Highway Department, P. O. Box 5064, Austin, Texas 78703.

## W. F. Hensley Dies; Lived In County 60 Yrs.

W. F. "Bill" Hensley, 95, died in a local hospital Friday afternoon. Funeral services were held at 2 p.m. Saturday at the chapel of Green Funeral Home with Rev. James Lafferty officiating. Burial was at Arab, Alabama Monday.

Mr. Hensley was born September 10, 1871 in Marshall County, Alabama, but had lived in Ad Hall Community of Milam County for the past 60 years. He was a member of the Baptist Church and the AF and AM.

Surviving are two sons, Roy Hensley and Homer Allen of Cameron; three daughters, Mrs. Nora Powell, Mrs. Baxter Hughes and Mrs. Nila Gandy, all of Cameron; one sister, Mrs. Ida Couch of Union Grove, Ala.; 12 grandchildren; 15 great grandchildren; 11 great great grandchildren.

### D. Marek Completes

### Navy Basic Training

San Diego, Calif. (FHTNC) Sept. 30 - Seaman Recruit Daniel E. Marek, USN, son of Mr. and Mrs. Ervin Marek of Route 1, Burlington, Tex., has been graduated from nine weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

# THE FAMILY LAWYER

## NEWLY DISCOVERED EVIDENCE

Suppose that, after a man is convicted of murder, the "murder victim" turns up alive. Everyone would agree that:

1) The jury's verdict was wrong; and

2) the prisoner should go free.

Such melodrama is rare in real life. But new evidence of some kind often does come to light after a man has been found guilty of a crime. Does that entitle him, if not to outright freedom, at least to a new trial?

Generally speaking, the law is wary of granting a new trial on the claim of "newly discovered evidence." For there is a distinct danger of fakery. The looming reality of a jail cell may inspire the defendant (or his sympathetic friends) to suddenly "remember" things that never happened at all.

In one case, a convicted rapist sought a new trial on the basis of "newly discovered evidence" that he had been playing poker with his cronies on the night of the crime. But the court denied his request, observing dryly:

"Doubtless his conviction stimulated his memory and the memory of his friends."

Furthermore, since a new trial costs money and effort, the law will not grant one if the new evidence is not likely to make any difference in the result. Thus:

A man was convicted of shooting his neighbor to death. After the trial it was learned that the neighbor, too, had owned a gun. But there was no evidence that the other gun had anything to do with the fatal quarrel.

New trial? The court said no, since the neighbor's ownership of a gun simply wasn't important

enough to change the verdict. Or the other hand, new evidence may at times disclose a real miscarriage of justice.

Some years ago, ballistics experts discovered a new and better way of testing firearms. Checking the gun of a man already convicted of murder, they decided that his weapon could not possibly have fired the fatal shot.

Clearly this was grounds for a new trial, which was duly granted. We cannot expect that the law will never make a mistake. But we can expect that a mistake, once discovered, will be corrected.

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

## Buckholts Rites For Mrs. Schiller

Mrs. Ella Schiller, formerly of Buckholts, died Saturday in Kerrville where she had made her home in recent years.

Funeral services were at 10:30 a.m. Monday in the Hope Lutheran Church, Buckholts, with Rev. Glenn Moehring officiating. Burial was in Hope Lutheran Memorial Park.

Mrs. Schiller was the wife of Louis A. Schiller who died in 1942.

Surviving are a son, Dr. Nelson Schiller of Austin; a daughter, Mrs. Lee Roy Brehmer of Kerrville; a brother, L. H. A. Fuchs of Buckholts; a sister, Mrs. Robert Lehman of Buckholts and six grandchildren.

## Hunting Accident Death Rate Exceeds 1965

AUSTIN Outdoor recreational fatalities were increased by thirteen during the last three weeks, according to the Texas Parks and Wildlife Department.

Eight deaths were from accidental gunshots in connection with hunting. Three persons drowned, one while fishing.

In unusual sports recreational deaths, a 16-year-old West Texas boy was killed by lightning while hunting rabbits and an Athens man was killed by a car while adjusting lights on his fishing boat trailer.

The gun deaths raised the total to nine for the year. A 16-year-old Brady boy earlier was reported as a casualty from stepping in front of a rifle as it was discharged.

The eight new gun fatalities involved mainly youngsters. But one adult, an Amarillo man, was killed when his gun was discharged as he placed it in his car. He had been hunting prairie dogs. A Memphis, Texas, mother was killed returning from a hunt when a shotgun was discharged as her husband removed it from their car.

In a tragedy similar to the earlier one occurring at Brady, an 18-year-old Nacogdoches youth was killed by a bullet from a jammed rifle.

A 14-year-old Cuero lad was killed when struck by a .22 rifle bullet while hunting rabbits with other lads.

An 18-year-old Brownfield boy was fatally wounded when a rifle discharged as it was being removed from a car following a hunting trip.

A 9-year-old Kennedale boy was killed when a shotgun, held by a hunting companion, was fired accidentally.

The Department noted that the 1966 hunting death pace is far ahead of last year when 21 fatalities were unofficially recorded as connected with the hunting season.

It was suggested that, in view of the predominantly heavier toll among youngsters, they be provided with adult supervision in handling firearms.

## Army Calls 7 For Induction

Local Board No. 92 has seven registrants scheduled for induction in October. They are: Robert D. Evans, Billy G. Gann, William L. Seelke, Stephen G. Basonic, Samuel A. Deaver, William C. Bennett and Fred J. Wilhite.

Twelve registrants are scheduled for pre-induction physical examination. Reporting to Dallas for examination will be: Oscar E. Wilhite Jr., Philip J. Hubnik, Robert L. Dymke, Ronnie W. Good, John C. Wallace, Richard B. Summers, Michael C. Allison, Jerry W. Steele, Esteban R. Zapata, James B. Prater, Jerry W. Mames, Burl D. Brown and Dr. Gene E. White.

## Miss Lydia Tomascik Dies; Services Held In Cameron Sunday

Miss Lydia Tomascik of Buckholts died Friday, October 7, in a Temple hospital. She was 54. Funeral services were held at 2 p.m. Sunday at Marek-Burns Funeral Home with Rev. Frank Simcik officiating. Burial was in the Corinth Cemetery.

Miss Tomascik was born July 24, 1912 at Buckholts and was a member of the Buckholts Brethren Church.

Surviving are three brothers, Johnny Tomascik, Frank Tomascik and Milus Tomascik of Buckholts; four sisters, Miss Tricie Tomascik of Houston, Miss Little Tomascik of Buckholts, Mrs. Ann Gresak of Buckholts and Mrs. Rose King of Houston; four nephews and six nieces.

Fallbearers were Frankie Tomascik Jr., Dennis Tomascik, Joe Zajicek, Walter Zajicek, Milton Schaller and Emil Kamenicky.

## Cobb To Receive Honor In Kansas

ROGERS Leonard Glenn Cobb, son of Mr. and Mrs. J. R. Cobb of Rogers, left by special train in Fort Worth Monday night for Kansas City where he will attend the National Convention of Future Farmers of America and receive the American Farmer Degree this week.

He was accompanied by J. H. Merka, vocational agriculture teacher in Rogers High School. Cobb graduated from Rogers High School in May 1965. The special train leaving from Fort Worth was made up of FFA boys in Texas and their sponsors.

## Maysfield

By Mrs. J. P. Wise Mrs. Carol McElwath and son Ned announce the arrival of a baby boy at Scott and White Hospital Thursday, October 6. He weighed in at 7 pounds 4 ounces and has been named Joseph Newman.

Mrs. Eldred Massengale and her granddaughter of Freeport spent the weekend in her home here. She reports Mr. Massengale is recuperating after undergoing surgery in Anderson Hospital in Houston.

Mr. and Mrs. E. D. Yager visited their son and family, the Billy Yagers, in San Marcos Saturday.

Mrs. A. J. Janison is visiting her daughter, Mrs. Leroy Massengale and husband.

Johnny Yates, Jr., student at Blinn College at Brenham, visited home folk during the weekend.

Mrs. Jessie Cooper is at home after being a patient in Newton Memorial Hospital in Cameron. Mr. and Mrs. Herbert Thweatt of Austin visited his mother, Mrs. Herbert Thweatt, last weekend.

Mr. and Mrs. Gilford Thweatt and Mrs. G. A. Plentl visited Mrs. Carroll McElwath and new baby in Scott and White Hospital and Mr. and Mrs. Donald Thweatt at Belton Sunday afternoon.

Mr. Fred Jackson is a patient in the veterans hospital in Temple at this writing.

Mr. Hayward McConnell visited his sister in Thrall Sunday.

## Jones Prairie

By Mrs. Bill Thweatt Mrs. Dewey Block visited her sister, Mrs. Pearl McClaren Tuesday.

The WMS met with Mrs. Hope Janison Tuesday afternoon with six members present. Refreshments were served by the hostess. Mrs. Luther Todd was home over the weekend. She has employment in Austin.

Mrs. Bill Tucker visited her mother, Mrs. Lorraine Storey, in San Antonio last week.

Mrs. Laura Decker of Austin visited Mr. and Mrs. Walter Senkel Wednesday night.

Mrs. Walter Senkel had these guests Sunday afternoon in honor of Mr. Senkel's birthday: Mr. and Mrs. Adolf Stoenner of Travis, Mr. and Mrs. Will Stoenner, Burlington, Mr. and Mrs. Otto Schulz and Mr. and Mrs. John Senkel of Cameron, Mrs. Fritz Stoenner of Ben Arnold.

Mr. and Mrs. Jimmy Burgess and daughter and Rev. and Mrs. Lemons of Baylor, Waco, were Sunday dinner guests of Mr. and Mrs. Harry White.

Visitors in Mrs. Dewey Block's home Sunday were Col. and Mrs. Clarence Weidner and family of New Braunfels and Susie and Johnnie Lanick of Clarkson.

Hazel and Rodney Fontaine were here over the weekend. Their son, James Fontaine and wife of Austin, visited with them Saturday and Sunday.

Burnett Atkinson, Ted Martin and Rock Thweatt attended the game in Cameron Friday night between Cameron and Copperas Cove.

Burnett and Susie Atkinson were Sunday dinner guests with Mrs. J. D. Martin and the Julian Bur-

nett.

Mr. and Mrs. Willie Burnett had a barbecue dinner Thursday honoring Mrs. Burnett's sister, Mrs. W. C. Brown on her birthday.

Mr. W. C. Brown of Cameron and Mr. and Mrs. E. L. Burnett of Marble Falls were guests.

Mr. and Mrs. Leland Burnett and family spent Saturday night

with his parents, Mr. and Mrs. Willie Burnett.

Mr. and Mrs. Arthur Boehme and family of Waco and Mr. and Mrs. Edwin Boehme and family of Mexia were guests of their father and grandfather, Mr. Charles Boehme Saturday.

**SELF ANALYSIS QUIZ**  
**Are You A Creative Person?**  
By Jane Sherrod Singer  
"Imagination", wrote Pascal, "disposes of everything; it creates beauty, justice and happiness, which are everything in this world." Not all of us were born with the creative ability and many of us have never used the creative talents we have. Professors Richard S. Scutfield and Harrison Gough of the University of California devised a questionnaire and found that creative persons answered quite differently from less creative individuals. Using some of their questions as a basis, plus those from other studies, how well you answer the following questions?

**TRUE FALSE**

1. Within limitations, I sometimes break certain rules of social etiquette and do things I am not supposed to do. ( ) ( )
2. I do not enjoy reading stories which use strange words, promote unfamiliar ideas or tell of unknown places. ( ) ( )
3. For most questions, there is an answer which is based on fact. ( ) ( )
4. Teenagers are not mature enough to leave home for any prolonged period of time. ( ) ( )
5. More people should take life more seriously than they do. ( ) ( )
6. When people are nice to me, I wonder about their motives. ( ) ( )
7. I enjoy experimenting, even if the results are unsatisfactory. ( ) ( )
8. I think it is important to dress in accord with current trends. ( ) ( )
9. I value my own self-respect more than I do the respect of others. ( ) ( )
10. I think there is "a time and place" for everything. ( ) ( )

Answers most often given by creative people:  
1. True; 2. False; 3. False; 4. False; 5. False; 6. True; 7. True; 8. False; 9. True; 10. False.  
SCORING: If you have answered with about 80% in accord with the creative people, you have the indications of being a creative person. "The world of reality has its limits; the world of imagination is boundless." (Jean Jacques Rousseau)

## Outdoors In Texas

by Vern Sanford  
As population increases the greater grows our pollution problem.

This is true of our outdoor areas, as well as our municipalities. There was a time when we gave little thought to pollution around a lake. We built septic tanks with not too much caution. But then our nearest neighbor lived miles away.

Today that condition has changed.

Around most of our lakes today we have large communities. Sewage disposal is one of the biggest problems. Many communities are located in rocky country, where the run-off is not too good. The refuse finds its way into the lake.

Texas has no long, consistently flowing rivers or streams. There are times of the year when some of them are powder dry at many points. When these streams are down we have an opportunity to observe the type of pollution that takes place.

During a recent dry spell we had occasion to observe the conditions of several stream beds. Old automobiles, refrigerators, worn out tires and many other

kinds of debris were in the river beds and along the banks. These were dumped there by thoughtless citizens who wanted to rid their premises of the cluttering mess.

Most municipalities can put a stop to this type of pollution with existing ordinances. Unfortunately the higher courts are badly crippled by our state laws governing pollution and many of these laws are practically useless.

Apparently that won't be the case much longer. Now there is federal legislation which will permit the government to step in where local authorities fail to act.

The fight against pollution is basic. It affects all of us, not just those who hunt or fish, but every living person is within its sphere of influence.

When our streams pour contaminated water into the Gulf of Mexico it is harmful to our marine resources and costs us millions annually in loss of marine life. When our cities pour overflow of their sewer system into the streams, they are harming every person who is affected by that stream.

For the most part heavy industry is attempting to solve its pollution problems. Our paper mills, big refineries and others are taking precautionary action wherever possible to prevent polluted substance from getting into our lakes and streams.

Some of our smaller industries, however, are not so interested in the health and welfare of the people. A glaring example of that is within sight of the capitol dome in Austin. Here sand dredging com-

ppanies run their wash water back into the Colorado.

Much of the time, the Colorado river water is the color of sand from Austin almost to the Gulf. Many downstream cities must use this water, and fish need oxygen to survive.

Our State Health Department and our Parks and Wildlife Commission work together to stop pollution in many places. Game wardens take numerous samples of water from many streams and the health department makes the analysis.

But the courts continue to be the stumbling block in many cases because the laws do not have enough teeth. And the legislature continues to bypass proposed bills that could rectify this problem.

This is a project local sportsmen's clubs and Chambers of Commerce might well promote. With enough local clean-up projects, the program could spread statewide and we could eliminate a great deal of the pollution that is harmful to every living thing.

15. 3,000-ACRE HAMILTON RANCH. See directions to farm, at left above. All parts of ranch accessible by long frontage on public roads. 3 homes, farm buildings, other improvements. Above average water supply.

## Fertile Farm Land

Mr. Laird, 30 years an outstanding farmer-rancher, has secured the best farm lands money can buy. You'll find the best grasses, fences, corrals, other improvements. Plenty of water on all farms. Fertility is such that these farms can be cultivated for high yield crops or ranched profitably. They have been used primarily for growing cattle the past few years.
